

### 5.6.19 Report on Elections Meeting w/April

#### To discuss elections: –

Cornwall vote to sell – (Early) June

If there is no meeting. If they are smart, they will continue to drag this out until it runs into Council elections. If we can get a June vote to sell Cornwall there will be no push for this group to try to influence elections.

Council nominations – July    Council vote - August

#### Strategy:

Make calls to members throughout May.

This will prepare members for a vote on the sale of Cornwall and thinking about nominations. (We will have a list with names, ages and phone numbers, and a list of Cornwall team supporters)

#### Engage members around the following questions:

- Have you been reading the NGN and Gumbo?
- Do you have any questions?
- Do you have anyone you think would make a good Council member?  
(We are looking for women who will consider what's best for the whole US Grail.)

Write up a list of strengths we need on Council?

What are the benefits of being on Council?

When we do Council recruiting letters mention the strengths these people possess.
